Poster Session

The Sixth Global Summit of GADRI will give an opportunity for participants to participate in its poster session.

Poster Session :

-

Seeds & Needs: Networking Session

This session will provide your institute with opportunities to network and connect with other institutes, and showcase your institute's resources; to find potential partners among GADRI members to collaborate, engage and enhance ongoing or new research project activities.

For instance:

some institutes may have their own methodologies, datasets, experimental equipment, computer resources, etc., but lack users, application fields, or data for validation, etc.

Other institutes may have enough human resources (researchers) but many unsolved issues and in need of scientific knowledge, experience, experimental and observational

Important Date

25 December 2022 Poster Session

25 December 2022 GADRI Scholarships

25 December 2022 Seeds and Needs Networking with
Institutes Session

25 December 2022 GADRI Survey
